

# Listing of Medical Devices

---

- Under Listing System, MDCO will maintain a list of medical devices that have been shown to conform to MDACS.
- List will include make and model of device, name and contact details of manufacturer and Local Representative Person (LRP).
  - This list will be available publicly on MDCO website.
- Application forms can be obtained during office hours from MDCO or downloaded off website.
- No application fee will be charged by the Government for inclusion of devices into the List of medical devices.
  - However, there will be other costs to consider such as those charged for certification of conformity.
